Embroidery Now Available

FotoLum™ has developed a close working relationship with an embroidery company so that we can now offer our photo luminescent vinyl with custom embroidery at very competitive prices. The vinyl can also be applied to garments via an appliqué process (see safety vest photos).

NEW PRODUCT ANNOUNCEMENT

FotoLum, Inc. has added safety vests to their line of safety products. The safety vests are 100% polyester and are ANSI/ISEA 107-2004 Class 2 Level 2. The vest has a fluorescent yellow body with horizontal and vertical fluorescent orange and grey reflective stripes and a Velcro® closure. There are two pockets - one on the inside and one on the outside of the vest. The vests are available in 4 sizes: S/M, L/XL, 2X/3X, and 4X/5X. These vests are available plain or with custom screen printing or embroidery. Contact FotoLum™ for our highly competitive pricing.

EMBROIDERED PHOTO LUMINESCENT VINYL APPLIED TO SAFETY VEST

Fire Departments Design Unique Applications for Photo luminescent Vinyl

FotoLum, Inc. has been manufacturing a number of unique products for fire departments across the country. Fire department safety officers are recognizing the advantages of our photo luminescent vinyl and are developing unique applications for their firefighters.

Velcro® Backed Fire Helmet Shields

1. Reflective lettering and numbers
2. Reflective background with glowing lettering and numbers.

Adhesive Backed Chevron Arrows

3. Chevrons are applied to fire hose couplers to indicate the way out
